TENUTA MOSER & BREWERY MENDELBIER

Crazy ideas are requested. The cellar of the hotel owned wine farm Moser, where the noble wines develop, has been enlarged with a small beer brewery in 2020. Not only the unusual and in Italy unique combination of wine cellar and beer brewery is surprising, but also the all-round talents of cellar master Gerhard Sanin, who not only creates the wine but also the beer (and sparkling wine – but that's a secret). Exclusively for SEELEITEN guests, he makes a guided tour once a week through the winery and during an extensive tasting; he gives a big insight and interesting information about the topic wine.
